Hello, Time Travellers!

It's a cracking day, isn't it? I'm sat on the most beautiful beach on Planet Cool (although no-one is wearing a bow tie), Amy and Rory are building sandcastles and all is right with the universe. MONSTER ARMS

THESE ALIENS ARE DRESSED TO KILL!

BATTLE BLOB

Inside this tough Dalekanium shell there is a gooey Kaled mutant! Gross!

SUCKER

This tool is ideal for operating Dalek tech, but it can also absorb human brainwaves.

EXTERIOR CASING

Monsters don't come much tougher than Daleks! They have amazing shields, can fly through space and can even time-jump!

DALEKS

EYE

The eyestalk is a Dalek's weakest point.

HAVE A BLAST

A powerful blaster easily exterminates enemies.

KER-BOOM

'ORRIBLE ORBS

These sense globes can detach and cause a Dalek to self-destruct!

AND ARMOUR

SONTARANS

HEAD CASE

Sontarans prefer to fight with their helmets off. They face forward in battle, as the probic vents on the back of their necks are their weak spots.

SWAGGER STICK

This Sontaran weapon can fire a deadly laser beam.

BLUE BODY

All Sontarans are stocky and muscular. Their thick, flexible armour shows the enemy their physical might!

COMMS UNIT

This wrist device allows Sontarans to receive orders.

ARMED AND DEADLY

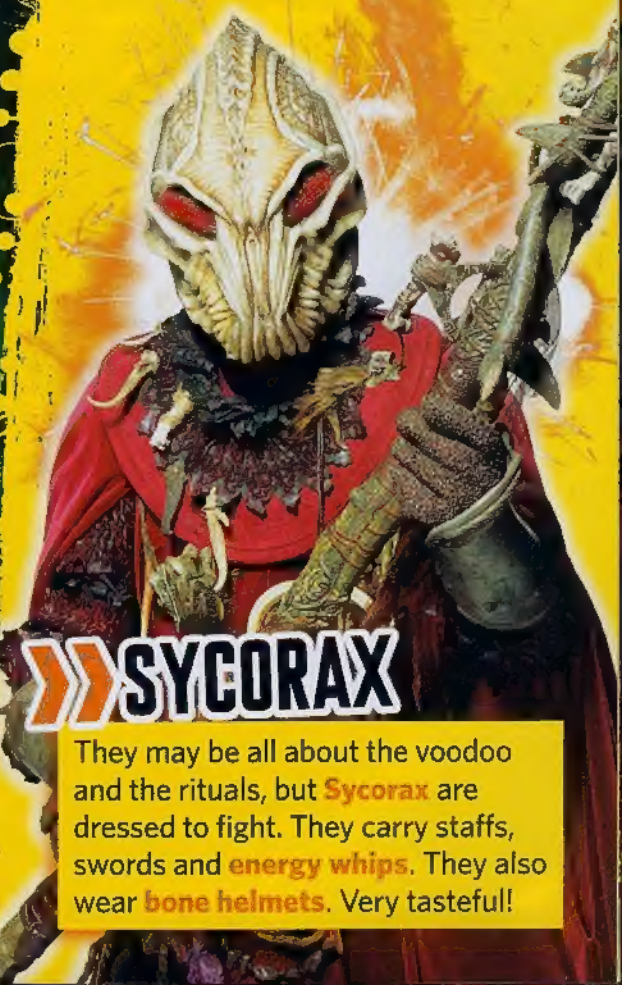

General Staal was armed with a swagger stick, but many Sontarans carry guns they can operate with three fingers.

FIGHTING KIT!

SILURIANS

Silurian warriors are always ready for battle. They wear protective armour made from **chain mail** and fitted masks. They are armed with deadly **heat rays** that can **destroy apes** in seconds!

SYCORAX

They may be all about the voodoo and the rituals, but **Sycorax** are dressed to fight. They carry staffs, swords and **energy whips**. They also wear **bone helmets**. Very tasteful!

CYBERMEN

HEAD STRONG

The Cybersentry that guarded the Pandorica may have had its head chopped off, but the head was programmed to scuttle around on its severed wires!

LIFE FORCE

Cybermen are designed to find organic life forms to live inside them. Even their damaged parts fight to assimilate!

DEADLY TOUCH

If you can't be upgraded, then you will be deleted with a single electric touch. Eek!

METAL MADNESS

Cybermen don't need shields, they are bullet-proof. The tough armour can protect the soft, living tissue inside. They really are built to survive!

LASERS

Cybermen don't have to be close to attack you - they can shoot particle beams.

STOMP

When you hear the sound of clanging metal feet, you know it's time to run!

HUGE HELMET

Judoon have to wear gigantic helmets to cover their big heads and horns! Their helmets let them breathe in space.

TOP TECH

They carry a number of items with them: a blaster, a language identification scanner and a species scanner.

TOUGH GEAR

Judoon uniforms are like tough leather.

SPEAK EASY

Judoon use the language identification scanner to sample alien voices. They then plug it into their chestplates and talk in that language.

BIG BOOTS

These huge boots are perfect for stomping. Judoon often march as a big, scary group.

JUDOON

JUDOON JUSTICE

Judoon blasters can destroy a 'guilty' human in seconds. Ouch!

OF SERIES 6, THE ALMOST PEOPLE!**

**JENNIFER

**"I DIDN'T KNOW THERE

FIGURE FROM THIS
STORY! I'D LOVE
TO SEE IT!"**

**FIVE FAST
FACTS**

1

While the Doctor changes tablisises, he quotes the First, Third, Fourth and Fifth Doctors, showing that he has all their memories.

2

In the original script, the Doctor says he once plugged his brain into the core of a planet to win a bet - but this wasn't so.

3

Did you hear the Doctor call Rory "Roranicus Pondicus"? It refers to Rory's life as a centurion in The Pandorica Opere.

4

Testing his Ganger memory, the Doctor quizzes him about Cyberman, who is up to terronise him in Closing Time.

5

The look of the Jennifer Ganger monster's body at the end of the story was apparently inspired by pop singer Madonna.

CRAIG'S CALAMITIES

CRAIG OWENS TELLS THE REAL STORY OF HIS ADVENTURES WITH THE DOCTOR

1

Do you know I'm looking for a lodger?

No, but *you* hum it and I'll play it.

It all started when I advertised for a new flatmate and this **weird guy in a bow tie** turned up. I mean, who wears a bow tie?

4

He's so funny!

Sob!

Enough was enough - I wanted him out. But the more he annoyed me, the more **everyone else seemed to love him** - especially my friend Sophie.

5

Ewwwww!

That mouldy patch was **getting worse**, too. The Doctor warned me not to touch it, but I wasn't having him tell me what to do, so I **had a good poke about at it**.

6

Big mistake! I got **really ill**. Luckily, the Doctor looked after me. Maybe he wasn't so bad after all?

9

GNASH!
GNASH!

And I think **Affie** is scary when he's teething!

Even **toy shopping is terrifying** when the Doctor's involved. This little guy is called a **Cybermat**, and he's not as friendly as he looks!

10

Things got even more dangerous when we **found some Cybermen** under the shop!

No, sorry mate, the **make-up counter** is back down that way.

2

Around the same time, I noticed some **horrible, mouldy stuff** on the ceiling. I thought it was all just a coincidence. I was wrong.

This mag is always full of the same mould jokes.

3

Is it sonic?

No, that would just be *silly*.

Next thing I knew, there were **funny noises upstairs**, and the Doctor was coming at me with my **toothbrush!** I had guessed he was **a bit unusual**, but that was just plain **weird**.

7

What's going on?

This ship is actually a **time engine** using a perception filter to disguise itself then draw in passers-by to help it find a new pilot.

I'm sorry I asked now.

I'm still **not quite sure** what happened next. Something about a **spaceship** above my flat. The Doctor sorted it out, though - and **helped get Sophie and I together!**

I'm a little **teapot**, short and stout. Here's my handle, here's my spout.

8

I am **Stormageddon**, Dark Lord of All! Bow down before me!

Aww, isn't that **sweet**. Coochie-coochie-coo!

There was **something even scarier** lurking when the Doctor visited again - my baby son, Alfie. At least, I think that's his name.

11

I don't have a very good **feeling** about this.

They thought I'd make a great Cyberleader. Well, I am amazing! But I **wasn't really all that keen**. Luckily, my love for Alfie managed to scramble their circuits. Result!

12

Yee-ha!

It was soon time for the Doctor to go again, so I **gave him a Stetson** to wear on his travels. Wonder if he ever put it on again?

Please be

ACTUAL SCRIPT

This small but important prop then went on to help reveal River Song's true identity - she is Amy and Rory's child, all grown up. How crazy and brilliant is that?

10:44:31 INT. DEMON'S RUN

RIVER SONG: OH, LOOK! YOUR COT! HAVEN'T SEEN THAT IN A VERY LONG WHILE.

SHE CROSSES TO THE COT, ROCKS IT. FOND MEMORIES. THE DOCTOR FOLLOWS HER, STANDING ACROSS THE COT FROM HER.

THE DOCTOR: NO! TELL ME. TELL ME WHO YOU ARE.

RIVER SONG: I AM TELLING YOU. CAN'T YOU READ?

HER EYES FLICK DOWN INTO THE COT. THE DOCTOR FOLLOWS HER LOOK - AND STARES! THE TRUTH AT LAST.

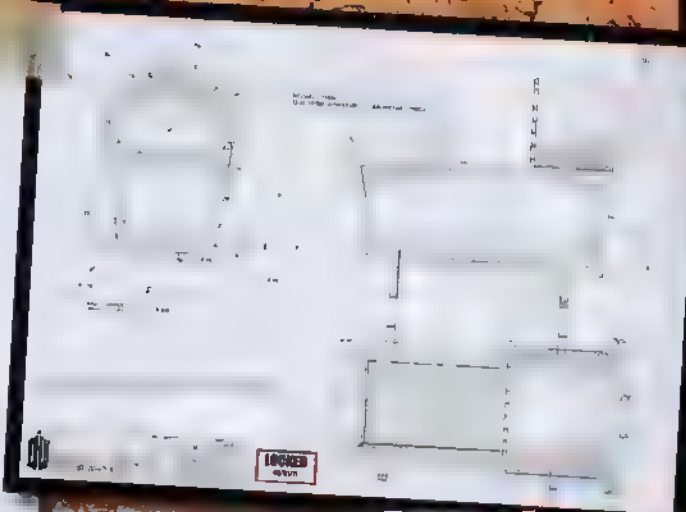

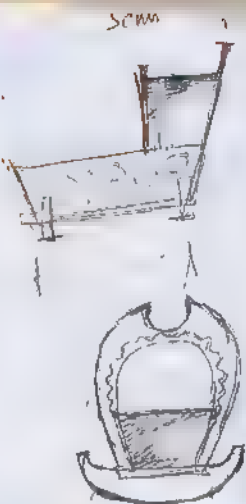

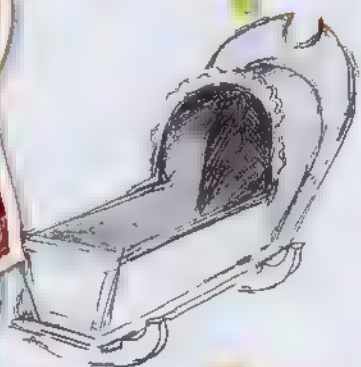

THE FINAL VERSION

LOOKS FAMILIAR!

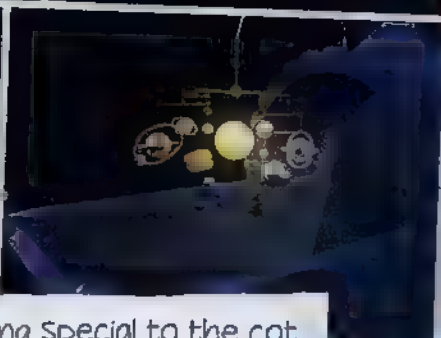

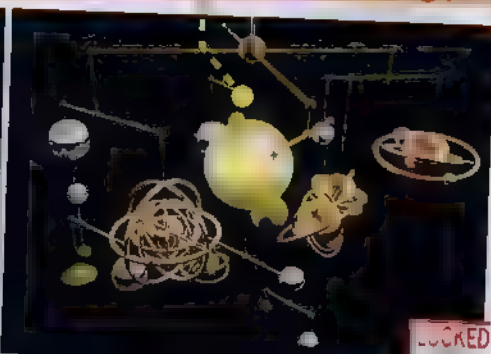

DOCTOR'S COT

From these doodles come more detailed drawings, with lots of technical information.

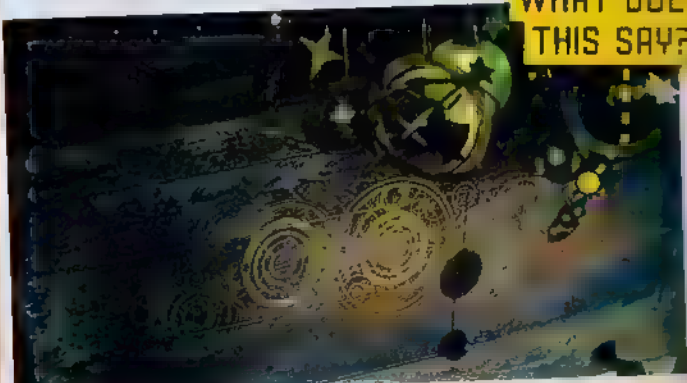

BEST MOBILE IN THE UNIVERSE!

RASSILON

To add something special to the cot, a mobile of a solar system is built. Is this Gallifrey's solar system? We might never know...

WHAT DOES THIS SAY?

Computer programs are used to colour the cot. Do you notice what's missing? There's no Gallifreyan writing yet!

DOCTOR, DOCTOR!

Go on,
ask me
anything!

DO YOU HAVE A PROBLEM THAT NEEDS SOLVING? THEN ASK THE DOCTOR!

VREEEEE!

Don't leave
home without
one!

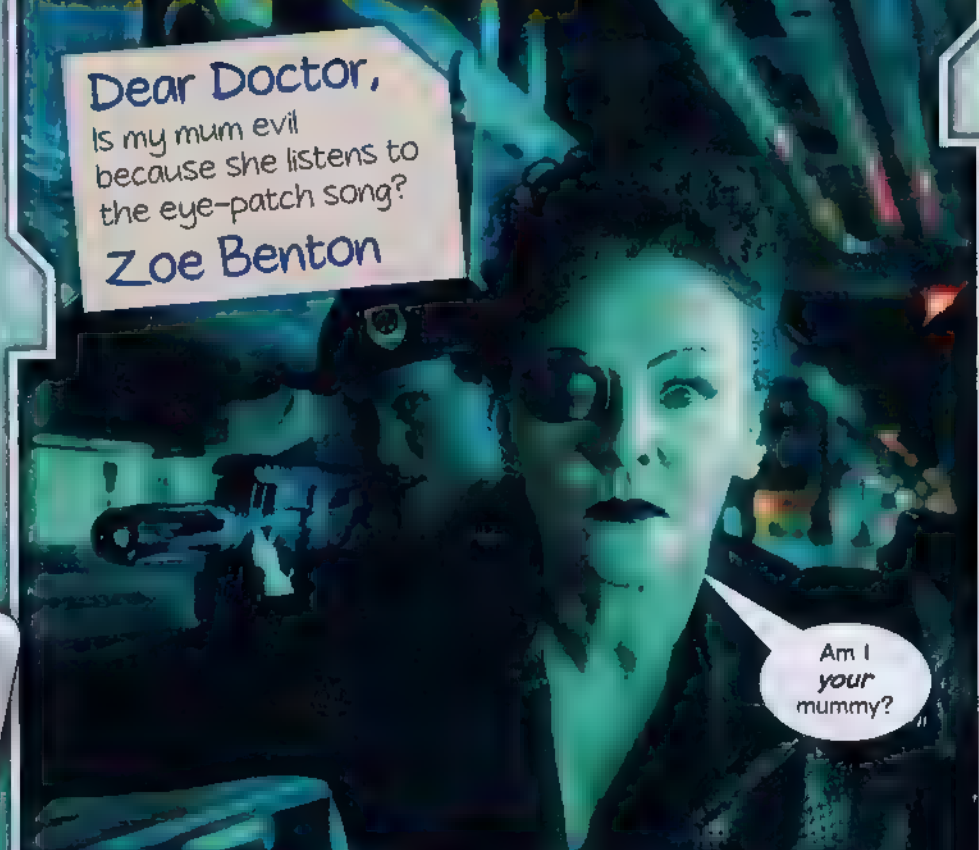

Dear Doctor,
What is the sonic
screwdriver made of?
Matthew Gilbert

THE DOCTOR REPLIES:

It's made of a thingy-gimbale from a Vectron Mk3 discombobulator, the sharp end of a metronomic phase inducer, three bits of gum (semi-chewed), a short-longish wibbly thing with a brass screw at the top, a sticky-backed plastic, a shoelace, knee ointment and two shakes of a dog's tail. Stop me if I'm getting too technical...

MUM'S THE WORD!

Am I
your
mummy?

Dear Doctor,
Is my mum evil
because she listens to
the eye-patch song?
Zoe Benton

THE DOCTOR REPLIES:

Eye patches and songs don't make people evil, though if you mix the two and then listen to the noise you end up with for too long, you might get a bit cranky. Perhaps your mum's been kidnapped and placed in a room with a TARDIS. It's not all that likely, but these things do happen. They can be a nightmare to mop up off the TARDIS floor.

DON'T PANIC!

Dear Doctor,
A black hole has appeared in my room. Help! What should I do?
Euan Minns

THE DOCTOR REPLIES:

First, keep a clear head. Do not pace up and down the room like someone who hasn't a clue what to do at all. Stop and think. Excellent! Stop then cross the road the Green. Got distracted. Oh light, so turn to the right and hang on. A black hole, or are you of your dirty washing!

DISINFECT THE LAUNDRY!
DISINFECT THE LAUNDRY!

KOVARIAN TELLS IT LIKE IT IS!

DEAR MADAME K,
What are you doing right now?
Jack Havers

MADAME K REPLIES:

If you must know, Captain Nosy, I'm eating canapés with a Sontaran general. I've heard reports that the Doctor, after everything I've done, is still very much alive, and I need comfort food. Happy?

Anyone fancy a nibble?
